THE PAST & TODAY

MR ASSA ABLOY is the Portuguese leading manufacturer of hardware and accessories for aluminum systems.

Founded in 1975, MR began its activities with about 10 employees in the production of traditional hardware for ironmongery and wooden furniture.

In the late 1980s, MR was a pioneer in Portugal by specializing in the production of hardware and accessories for aluminum windows and doors, having consolidated, over the years, its leading position in the Portuguese market.

In 2021, MR became part of the ASSA ABLOY Group.

With headquarters and industrial facilities in the city of Águeda, in the center of Portugal, MR ASSA ABLOY has more than 160 employees and develops its commercial and sales operations globally in more than 40 countries.

PRODUCTS & INNOVATION

Thanks to the continued high investment in R&D and the constant follow-up of key market trends, MR ASSA ABLOY has a wide range of products to effectively meet customer needs by offering complete hardware solutions.

- Solutions for aluminum and pvc doors and windows;
- Solutions for casement and sliding windows;
- Single-point and multi-point locks for communication and security doors;
- Handles, hinges and accessories in stainless steel and aluminum.
